

Humza Malik

Full Stack Web Developer

Brooklyn, NY | 917-856-8055

Email: Humza718@gmail.com | GitHub: [Humza23](https://github.com/Humza23) | Portfolio: MalikHumza.com | LinkedIn: [Humza Malik](https://www.linkedin.com/in/HumzaMalik)

TECHNICAL SKILLS

Frontend: React.js, Javascript, HTML, CSS, Redux, Context API, Styled-Components, Bootstrap

Backend: Node.js, Express.js, Python, PostgreSQL, SQLite

PROJECTS

Human Rights First, *Frontend Developer* // [Live Demo](#), [Github Repo](#)

- Collaborated with backend engineers and data scientists to develop an application in React.js and Node.js for lawyers to view data on previous asylum case judgments
- Implemented new features and UI in an Agile environment as envisioned by project managers and stakeholders
- Worked directly with stakeholders and a large team of developers to deliver a product in a timely manner
- Refactored class-based components to functional components allowing for easier testing and debugging

Weather Tracker, *Frontend Developer* // [Live Demo](#), [Github Repo](#)

- Designed an application allowing users to view weather in current location or location of choice in React.js
- Delivered engaging and visually compelling web designs with user-friendly UI that are cross-browser compatible and mobile responsive
- Utilized Axios as a promise based HTTP client to hit REST endpoints and fetch data into the application
- Consumed OpenWeatherMap and Geoapify API to provide real-time weather data for inputted locations

Resort Booking, *Frontend Developer* // [Live Demo](#), [Github Repo](#)

- Partnered with a frontend developer to develop an application for users to reserve resort rooms in React.js
- Spearheaded the addition of filter functionalities allowing users to filter rooms to accommodate their needs
- Maintained global application state using Context API for easy retrieval of data in deeply nested components
- Directed style implementation to ensure consistent styles and responsiveness across application and devices

EXPERIENCE

New York City Department of Education

Teacher

September 2019 - June 2021

- Prepared and executed differentiated lesson plans for a classroom of 27 students
- Fostered a classroom environment conducive to learning and promoting excellent student engagement
- Increased reading and math test scores for all students by 25% over one school year
- Developed plans to facilitate interactive learning experiences and accommodate the academic needs of students

Brooklyn College

Accounts Payable Specialist

January 2016 - March 2019

- Processed over 100 vouchers weekly in PeopleSoft/Oracle Software for Tax Levy accounts
- Ensured payments including invoices and expense reports were processed in a timely and accurate manner
- Created spreadsheets in Microsoft Excel for 50+ accounts to increase payment efficiency
- Communicated with purchasing department and vendor to resolve billing issues and discrepancies

EDUCATION

Bloom Institute of Technology, *Full Stack Web Development*

August 2021

Brooklyn College, *Bachelors of Arts in Childhood Education*

May 2020
